

Empower employees. Reduce HR's benefits workload.

The Nava Benefits App

Nava's high tech, human touch app is the always-on mobile app for employees to carry their benefits in their pocket and access Nava's expert support, instead of filling HR's inbox.

Fewer Questions and Issues

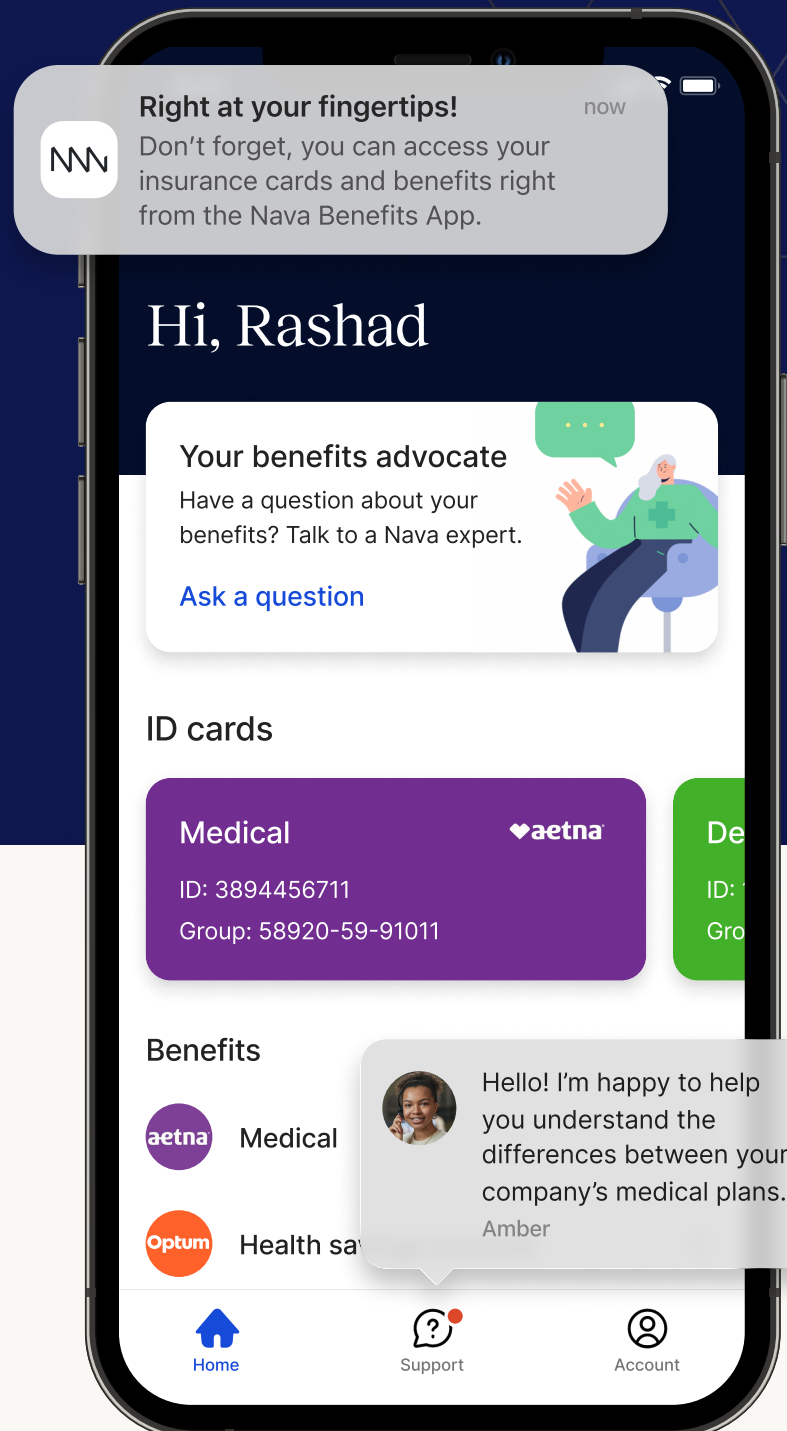

Leveled-up Benefits Experience

Enhanced Perception of Benefits

Benefits Communication

The benefits of better benefits.

Employee Benefits Support

Expert help at employees' fingertips.

A team of Benefits Advocates are standing by, ready to answer employee questions on all things benefits — from elections and plan details to EOB and claims. **This means fewer questions and issues for your HR team.**

For Employees

Benefits Wallet

Insurance cards, plan resources, benefits guides, custom company perks, and more — all at your employees' fingertips.

For HR

Leveled-up Benefits Experience

Confidence knowing your employees have on-the-go secure access to all of their employee benefits exactly when they need it.

Benefits Knowledge & Literacy

A cheat sheet that breaks down benefits terminology into jargonless language that anyone can easily understand.

Enhanced Perception of Benefits

When employees understand their benefits, they make better benefits decisions. That means increased utilization, high satisfaction, and strategic benefits spend.

Push Notifications

Employees won't miss important updates or deadlines with instantaneous in-app push notifications.

Benefits Communication

Add a new dimension to your multi-touch benefits communication strategy that reaches employees on the go and in their pocket.

Schedule a demo to see the Nava Benefits App in action.
